

# Carbon Fiber ABS Safety Document

Issue date: 10/9/2020 / Revision date: 1/3/2022 / Supersedes version of: 7/12/2021 / Version: 2.0

## SECTION 1: Identification of the article and of the company/undertaking

### 1.1. Product Identifier

Article name : Carbon Fiber ABS

### 1.2. Relevant identified uses of the article and uses advised against

#### 1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use, Consumer use

#### 1.2.2. Uses advised against

No additional information available

### 1.3. Details of the supplier of the safety document

KIMYA

20 rue Chevreul

44100 Nantes - France

T +33(0)2 40 38 40 00 contact@kimya.fr - www.kimya.fr

### 1.4. Emergency telephone number

No additional information available

## SECTION 2: Hazards Identification

Not applicable. To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

## SECTION 3: Composition/information on ingredients

Acrylonitrile Butadiene Styrene / Carbon fibers

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures after inhalation: Move to fresh air in case of accidental inhalation. If symptoms persist call a doctor.

First-aid measures after skin contact: Cool skin rapidly with cold water after contact with molten product. Do not pull solidified product away from the skin. Get medical advice/attention.

First-aid measures after eye contact: Rinse immediately with plenty of water. Consult an ophthalmologist if irritation persists.

First-aid measures after ingestion: Rinse mouth out with water. Never give anything by mouth to an unconscious person. If symptoms persist call a doctor.

### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

# Carbon Fiber ABS

Safety Document (Continued)

## 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media: Foam, powder, carbon dioxide (CO<sub>2</sub>), water spray.

Unsuitable extinguishing media: Do not use a heavy water stream.

### 5.2. Special hazards arising from the article

Explosion hazard: Avoid dust formation.

### 5.3. Advice for firefighters

Protection during firefighting: Use self-contained breathing apparatus and chemically protective clothing.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

No additional information available

6.1.2. For emergency responders

No additional information available

### 6.2. Environmental precautions

Prevent entry to sewers and public waters.

### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Spilled material may present a slipping hazard. Shovel or sweep up and put in a closed container for disposal.

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Additional hazards when processed: Dust may form flammable and explosive mixture with air.

Precautions for safe handling: Handling this product may result in electrostatic accumulation. Use proper grounding procedures. Avoid dust formation.

### 7.2. Conditions for safe storage, including any incompatibilities

Technical measures: Keep in a cool, well-ventilated place away from heat.

### 7.3. Specific end use(s)

No additional information available

# Carbon Fiber ABS

Safety Document (Continued)

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

8.1.1. National occupational exposure and biological limit values

No additional information available

8.1.2. Recommended monitoring procedures

No additional information available

8.1.3. Air contaminants formed

No additional information available

8.1.4. DNEL and PNEC

No additional information available

8.1.5. Control banding

No additional information available

### 8.2. Exposure controls

8.2.1. Appropriate engineering controls

Appropriate engineering controls:

Provide adequate ventilation to minimize dust concentrations.

8.2.2. Personal protection equipment

8.2.2.1. Eye and face protection

Eye protection:

Wear closed safety glasses

8.2.2.2. Skin protection

Skin and body protection:

Wear suitable protective clothing

Hand protection:

Heated product causes burns. Protective gloves

8.2.2.3. Respiratory protection

Respiratory protection:

In case of breathable dust, use a self-contained breathing apparatus

8.2.2.4. Thermal hazards

No additional information available

8.2.3. Environmental exposure controls

Other information:

Do not eat, drink or smoke when using this product.

Safety Document (Continued)

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state: Solid

Colour: Black

Odour: No data available

Odour threshold: No data available

pH: No data available

Relative evaporation rate (butylacetate=1): No data available

Melting point: No data available

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Flammability (solid, gas): No data available

Vapour pressure: No data available

Relative vapour density at 20 °C: No data available

Relative density: 1:1

Solubility: No data available

Partition coefficient n-octanol/water (Log Pow): No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidising properties: No data available

Explosive limits: No data available

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Stable under normal conditions of use.

### 10.2. Chemical stability

Stable under normal conditions of use.

### 10.3. Possibility of hazardous reactions

Hazardous polymerization does not occur.

### 10.4. Conditions to avoid

Above a temperature of 300°C.

### 10.5. Incompatible materials

Strong oxidizers.

### 10.6. Hazardous decomposition products

Thermal decomposition generates : Carbon dioxide. Carbon monoxide. Styrene.

Hydrogen cyanide. hydrocarbons. Acrylonitrile. Acrolein. Aldehydes. Phenol.

---

## **SECTION 11: Toxicological information**

No additional information available

## **SECTION 12: Ecological information**

No additional information available

## **SECTION 13: Disposal considerations**

### **13.1. Waste treatment methods**

Waste treatment methods: If recycling is not possible, eliminate in accordance with local valid waste disposal regulations. Do not allow into drains or water courses.

## **SECTION 14: Transport information**

Exempt from transport classification and labelling

## **SECTION 15: Regulatory information**

No additional information available

## **SECTION 16: Other information**

No additional information available
