

# ESD ABS

## Safety Document

Issue date: 10/9/2020 / Revision date: 1/3/2022 / Supersedes version of: 6/01/2021 / Version: 2.0

### SECTION 1: Identification of the article and of the company/undertaking

#### 1.1. Product Identifier

Article name : ESD ABS

#### 1.2. Relevant identified uses of the article and uses advised against

##### 1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use, Consumer use

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety document

KIMYA

20 rue Chevreul

44100 Nantes - France

T +33(0)2 40 38 40 00 contact@kimya.fr - www.kimya.fr

#### 1.4. Emergency telephone number

No additional information available

### SECTION 2: Hazards Identification

Not applicable. To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

### SECTION 3: Composition/information on ingredients

Modified acrylonitrile butadiene styrene copolymer

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

First-aid measures general: Protective equipment emergency responders.

First-aid measures after inhalation: Allow affected person to breathe fresh air. If symptoms persist call a doctor.

First-aid measures after skin contact: Do not pull solidified product away from the skin. Cool skin rapidly with cold water after contact with molten product. Wash skin with plenty of water.

First-aid measures after eye contact: Remove contact lenses, if present and easy to do. Continue rinsing. Rinse immediately with plenty of water. If eye irritation persists: Get medical advice/attention.

First-aid measures after ingestion: Get medical advice/attention. Do not induce vomiting.

Safety Document (Continued)

## 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

## 4.3. Indication of any immediate medical attention and special treatment needed

Treat as thermal burns.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media: Foam, powder, carbon dioxide (CO<sub>2</sub>), water spray.

### 5.2. Special hazards arising from the article

Explosion hazard: Avoid dust formation.

Hazardous decomposition products in case of fire: ume. May release : Toxic and irritating gases are released. Nitrogen Oxides (NO<sub>x</sub>). Carbon oxides (CO, CO<sub>2</sub>). Small amounts: Styrene. Hydrogen cyanide.

### 5.3. Advice for firefighters

Firefighting instructions: Keep public away from danger area. Use water spray or fog for cooling exposed containers.

Protection during firefighting: Use self-contained breathing apparatus and chemically protective clothing.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures: If spilled, may cause the floor to be slippery. Wear personal protective equipment.

6.1.1. For non-emergency personnel

No additional information available

6.1.2. For emergency responders

No additional information available

### 6.2. Environmental precautions

Prevent liquid from entering sewers, watercourses, underground or low areas.

### 6.3. Methods and material for containment and cleaning up

For containment: Dike and contain spill.

Methods for cleaning up: On land, sweep or shovel into suitable containers.

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep workplace clean and tidy as much as possible. Avoid dust formation. Use only in well-ventilated areas. Do not get in eyes, on skin, or on clothing. Handling this product may result in electrostatic accumulation. Use proper grounding procedures.

# ESD ABS

Safety Document (Continued)

## 7.2. Conditions for safe storage, including any incompatibilities

Technical measures: Keep in a cool, well-ventilated place away from heat.

## 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1. National occupational exposure and biological limit values

No additional information available

#### 8.1.2. Recommended monitoring procedures

No additional information available

#### 8.1.3. Air contaminants formed

No additional information available

#### 8.1.4. DNEL and PNEC

No additional information available

#### 8.1.5. Control banding

No additional information available

### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

No additional information available

#### 8.2.2. Personal protection equipment

##### 8.2.3. Eye and face protection

Eye protection:

In case of dust production: protective goggles

##### 8.2.2.2. Skin protection

Skin and body protection:

Wear suitable protective clothing

##### 8.2.2.3. Respiratory protection

Respiratory protection:

No respiratory protection needed under normal use conditions. Where exposure through inhalation may occur from use, respiratory protection equipment is recommended

##### 8.2.2.4. Thermal hazards

No additional information available

#### 8.2.3. Environmental exposure controls

Other information:

Use good personal hygiene practices. Do not eat and do not drink during use. Always wash hands after handling the product.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state: Solid

Odour: odourless

Odour threshold: No data available

pH: No data available

Relative evaporation rate (butylacetate=1): No data available

Melting point: No data available

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Flammability (solid, gas): No data available

Vapour pressure: No data available

Relative vapour density at 20 °C: No data available

Relative density: No data available

Density: 1.05 – 1.07 g/cm<sup>3</sup>

Solubility: insoluble in water

Partition coefficient n-octanol/water (Log Pow): No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidising properties: No data available

Explosive limits: No data available

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No dangerous reactions known under normal conditions of use.

### 10.2. Chemical stability

Stable

### 10.3. Possibility of hazardous reactions

Hazardous polymerization does not occur.

### 10.4. Conditions to avoid

Above a temperature of 300°C. May decompose at high temperature.

### 10.5. Incompatible materials

No additional information available

### 10.6. Hazardous decomposition products

Thermal decomposition generates : smokes.

## SECTION 11: Toxicological information

No additional information available

---

## **SECTION 12: Ecological information**

No additional information available

## **SECTION 13: Disposal considerations**

### **13.1. Waste treatment methods**

Waste treatment methods: Recycling is preferred to disposal or incineration. If recycling is not possible, eliminate in accordance with local valid waste disposal regulations.

Ecology - waste materials: Avoid release to the environment.

## **SECTION 14: Transport information**

Exempt from transport classification and labelling

## **SECTION 15: Regulatory information**

No additional information available

## **SECTION 16: Other information**

No additional information available
