## Safety Document

Issue date: 10/9/2020 / Revision date: 1/3/2022 / Supersedes version of: 7/12/2021 / Version: 2.0

### SECTION 1: Identification of the article and of the company/undertaking

#### 1.1. Product Identifier

Article name : PETG

#### 1.2. Relevant identified uses of the article and uses advised against

##### 1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use, Consumer use

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety document

KIMYA

20 rue Chevreul

44100 Nantes - France

T +33(0)2 40 38 40 00 contact@kimya.fr - www.kimya.fr

#### 1.4. Emergency telephone number

No additional information available

### SECTION 2: Hazards Identification

Not applicable. To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

### SECTION 3: Composition/information on ingredients

Co-Polyester Polyethylene Terephthalate

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

First-aid measures after inhalation: Move the affected person away from the contaminated area and into the fresh air. If you feel unwell, seek medical advice.

First-aid measures after skin contact: Cool skin rapidly with cold water after contact with molten product. Do not peel product from the skin. Get medical advice/attention.

First-aid measures after eye contact: Rinse immediately with plenty of water. If eye irritation persists: Get medical advice/attention.

First-aid measures after ingestion: Do not induce vomiting. Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

#### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

# PETG

Safety Document (Continued)

## 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media: Dry chemical, CO<sub>2</sub>, or water spray or regular foam.

Unsuitable extinguishing media: Do not use a heavy water stream.

### 5.2. Special hazards arising from the article

Fire hazard : Explosive vapour/air mixtures may be formed. Avoid static electricity discharges.

Hazardous decomposition products in case of fire: Carbon monoxide. Carbon dioxide.

### 5.3. Advice for firefighters

Protection during firefighting: Use a self-contained breathing apparatus and also a protective suit.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures: If spilled, may cause the floor to be slippery.

6.1.1. For non-emergency personnel

Emergency procedures: If spilled, may cause the floor to be slippery. Collect spillage.

The molten polymer may remain hot for some time due to low thermal conductivity.

Use care when disposing of molten mass.

6.1.2. For emergency responders

No additional information available

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.

### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Sweep up or vacuum up the product.

Other information: Avoid dust formation.

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling: Ensure good ventilation of the work station. Handle in accordance with good industrial hygiene and safety practice. Provide adequate ventilation to minimize dust and/or vapour concentrations. Remove all sources of ignition. Take precautionary measures against static discharges.

# PETG

Safety Document (Continued)

## 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Keep container closed when not in use. Keep only in the original container in a cool, well ventilated place away from : open flames, Sources of ignition, Direct sunlight, Incompatible materials. Storage conditions: Store in a dry place.

## 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1. National occupational exposure and biological limit values

No additional information available

#### 8.1.2. Recommended monitoring procedures

No additional information available

#### 8.1.3. Air contaminants formed

No additional information available

#### 8.1.4. DNEL and PNEC

No additional information available

#### 8.1.5. Control banding

No additional information available

### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

Ensure that there is a suitable ventilation system. Provide adequate ventilation to minimize dust concentrations.

#### 8.2.2. Personal protection equipment

##### 8.2.3. Eye and face protection

Eye protection:

None under normal use

##### 8.2.2.2. Skin protection

Skin and body protection:

Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure

Hand protection:

Protective gloves

##### 8.2.2.3. Respiratory protection

Respiratory protection:

None under normal use. In case of breathable dust, use a self-contained breathing apparatus

### 8.2.2.4. Thermal hazards

No additional information available

### 8.2.3. Environmental exposure controls

Other information:

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state: Solid

Odour: slight

Odour threshold: No data available

pH: No data available

Relative evaporation rate (butylacetate=1): No data available

Melting point: No data available

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Flammability (solid, gas): No data available

Vapour pressure: No data available

Relative vapour density at 20 °C: No data available

Relative density: No data available

Density:  $\geq 1.27$  g/cm<sup>3</sup>

Solubility: No data available

Partition coefficient n-octanol/water (Log Pow): No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidising properties: No data available

Explosive limits: No data available

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

None under normal use.

### 10.4. Conditions to avoid

No additional information available

# PETG

Safety Document (Continued)

---

## 10.5. Incompatible materials

No additional information available

## 10.6. Hazardous decomposition products

Carbon monoxide. Carbon dioxide.

## SECTION 11: Toxicological information

No additional information available

## SECTION 12: Ecological information

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste treatment methods: Dispose in a safe manner in accordance with local/national regulations.

Ecology - waste materials: Avoid release to the environment.

## SECTION 14: Transport information

Exempt from transport classification and labelling

## SECTION 15: Regulatory information

No additional information available

## SECTION 16: Other information

No additional information available
